

What to do in case of an alert?

In Guadeloupe, heavy rains can cause flooding and landslides.

In case of flooding

- ✓ Stay calm
- ✓ Take shelter in higher ground and move away from flooded areas.
- ✓ Turn off the electricity if necessary
- ✓ Follow the instructions of the local authorities
- ✗ Do not cross flooded roads
- ✗ Do not go down into the basements or parking lots.

In the event of a landslide

- ✓ Stay calm
- ✓ Stay away from slopes that could be slippery (hillsides, ravines)
- ✓ If you are stuck:
 - Call emergency services
 - Take refuge in a safe place
